

Carina - South Mackay Tour 2019

This note, and proposed Itinerary are to advise all parents, guardians and players of the tour to Mackay in the June/July school holidays involving teams from the Under 11,12 and 13 age groups. If you have any questions, please don't hesitate in contact either Wade or Denise whose numbers are provided at the end of the document.

Background

The tours between Carina and Souths Mackay have been taking place for more than 40 years with the first tour being in 1973. The motivation behind the tours has not changed since the first and is the personal, social and physical development of the players from both Clubs. The clubs visit each other alternatively and where requested, the players of the visiting club are billeted by the home club. In recent years both clubs have made a concerted effort to billet all players in pairs where at all possible.

The age groups of Under11, 12 and 13 are involved in the tour, with this year Carinas turn to tour Mackay. All players within each age group are eligible to tour however players who took billets last year are given first preference.

The tours over the years have seen the commencement of life long friendships and have greatly assisted in the development of players from both Clubs, on and off the field. It is acknowledged that many parents may be nervous about either having their children billeted or taking billets. This is a wonderful opportunity to advance our children's growth and in all the tours conducted so far, we have never had any major problem as a result of the billeting of players.

The cost for each player to tour will be provided by the Club in coming weeks.
