RE: **COVID 19 CASE – CHATSWOOD HILLS STATE SCHOOL**

---

Hi All,

Please be advised that a person associated with the YMCA Outside School Hours Care service which operates out of the Chatswood Hills State School has returned a positive test to COVID-19 today.

Rugby League Brisbane is recommending that clubs who have members who attend this school or the after-school service are to stay away from training until further health advice is received from the Queensland Government on this matter.

Once further information is received, I will update all clubs on this situation.

Regards

A handwritten signature in blue ink that reads "Scott Dunshea".
